Programme

Thursday, 1.10.2015

0830-1000  IBD session (sponsored by MSD): Diagnosing and monitoring
Theatersaal
Pierre Michetti, Lausanne  Gerhard Rogler, Zürich

0830-0900  Advanced endoscopy techniques for the diagnosis of IBD lesions
Theatersaal
Markus Neurath, Erlangen

0900-0930  Evaluating IBD by magnetic resonance imaging
Theatersaal
Andreas Boss, Zürich

0930-1000  Tight monitoring in clinical practice
Theatersaal
Michel Maillard, Lausanne

1000-1030  Coffeebreak
Konzertshalle (exhibition)

1030-1200  Early diagnosis of digestive disease cancer / Free communications I
Theatersaal
Andrew Macpherson, Bern  Stefan Hartmeier, Brugg

</table>
1620-1630 Kongresssaal
Stephanie Ganal-Vonarburg, Bern
The outer mucus layer hosts a distinct intestinal microbial niche
Li Hai, Bern

1630-1640 Kongresssaal
Familial Eosinophilic Esophagitis (EoE) Uncover a New EoE-like Syndrome without Tissue Eosinophilia
Alex Straumann, Olten

1640-1650 Kongresssaal
Survival after CRS/HIPEC for colorectal and appendicular peritoneal malignancy
Marcel Schneider, Zürich

1650-1700 Kongresssaal
Short-term Outcomes of Transanal Total Mesorectal Excision for Low Rectal Cancer
Rebekka Troller, Winterthur

1530-1700 Brünig
SGVC Interactive case session: acute complex lower GI-bleeding
Daniel Oertli, Basel  Diego De Lorenzi, Grabs

1530-1600 Brünig
Gastroenterologist first
Jan Borovicka, St.Gallen

1600-1630 Brünig
Interventional radiologist first
Alban Denys, Lausanne

1630-1700 Brünig
Is the surgeon still needed?
Bernhard Egger, Fribourg

1715-1815 Theatersaal
General Assembly SGG

1815-1915 Theatersaal
General Assembly SASL

1815-1915 Kongresssaal
General Assembly MDL

1815-1915 Brünig
General Assembly IBDNet

Friday, 2.10.2015

0730-0815 Theatersaal
Early Bird Symposium Almirall: Strategien für eine frühere Diagnose und ein schnelleres Symptommanagement

0830-1000 Theatersaal
SASL Hot Topics in Hepatology (sponsored by AbbVie)
Nasser Semmo, Bern  Laurent Spahr, Geneva

0830-0900  Hepatitis B: Will there be a cure?
*Theatersaal*  Fabien Zoulim, Lyon

0900-0930  Hepatitis C: Current treatment options and remaining challenges
*Theatersaal*  Beat Müllhaupt, Zürich

0930-1000  HCV in Switzerland in clinical practice: future challenges
*Theatersaal*  Francesco Negro, Geneva

0830-1000  Pancreas - digestible updates
*Kongresssaal*  Jean-Louis Frossard, Geneva  Lukas Degen, Basel

0830-0900  Acute pancreatitis
*Kongresssaal*  Julia Mayerle, Greifswald

0900-0930  Autoimmune pancreatitis
*Kongresssaal*  Jean-Louis Frossard, Geneva

0930-1000  Neuroendocrine disorders
*Kongresssaal*  Christoph Beglinger, Basel

1000-1030  Coffeebreak
*Konzerthalle*  (exhibition)

1030-1200  Hot Topics in Endoscopy  
(sponsored by Olympus)
*Theatersaal*  Philipp Bertschinger, Zürich  Christa Meyenberger, St. Gallen

1030-1100  Advances in polyp detection and removal
*Theatersaal*  Peter Bauerfeind, Zürich

1100-1130  Confocal endomicroscopy, spectroscopic imaging and endocytoscopy
*Theatersaal*  Ralf Kiesslich, Wiesbaden

1130-1200  Current status of EUS in pancreaticobiliary disease
*Theatersaal*  Reiner Wiest, Bern

1030-1200  NAFLD and Bile transporters
*Kongresssaal*  Laura Rubbia-Brandt, Genève  Jean-François Dufour, Bern

1030-1100  NAFLD in clinical practice: past present and future challenges
*Kongresssaal*

</table>
A severe complication after laparoscopic low anterior rectum resection: a compartment syndrome of the upper extremity
Rebecca Kraus, Aarau

Two similar cases of elderly women with moderate abdominal pain and pneumoperitoneum of unknown origin: A surgeon’s successful conservative management
Fabrizio Vinzens, Basel

Percutaneous Tibial Nerve Stimulation (PTNS): a succesful treatment for patients with anal incontinence (urgency), leading to a sustained response and modulating anal sphincter pressure and rectal perception
Andreas Frenzer, Thun

Portal hypertension in a Crohn’s patient with small intestinal bleeding treated by transjugular portosystemic shunt placement
Benjamin Heimgartner, Bern

Successful stenting of a stenosis in the hepatic venous outflow tract in a patient with secondary Budd-Chiari-syndrome and refractory ascites
Daniel Venetz, Luzern

An unusual cause of an obscure gastrointestinal bleeding in the small bowel - sometimes capsule endoscopy only shows "the tip of the iceberg"
Andreas Stulz, Luzern

Non-CO2-insufflation and acute abdominal compartment during emergency endoscopy contributing to fatal outcome in advanced obstructive tumor of the gastro-esophageal junction with severe bleeding
Reiner Wiest, Bern
1710-1720 Theatersaal
Percutaneous trans-hepatic cholangiography and drainage (PTCD) followed by a single balloon enteroscopy (SBE) assisted ERCP to treat a choledocholithiasis with cholangitis in a patient after Roux-en-Y surgery
Patrick Aepli, Luzern

1720-1730 Theatersaal
Discussion

1600-1730 Kongresssaal
Stations of US and endoscopy simulators (limited places)
Manfred Essig, Zweisimmen Andreas Baumgartner, Interlaken

Posters

Gastroenterology

G1 *Measurement of functional blockade of TNF-alpha by anti-TNF agents is a stronger predictor than trough levels and anti-drug antibodies: 3-year prospective clinical data.*
Pascal Juillerat (1,2), Peter Andrew (1), James Macpherson (1), Emma Slack (1), Nicola Patuto (1,2), Julia Cahenzli (1), Flavia Schmid (1), Frank Seibold (1,3), Kathy D. McCoy(1), Andrew J. Macpherson (1,2).
(1). University Bern, Maurice E Müller Laboratories, Universitätsklinik für Viszerale Chirurgie und Medizin, Inselspital, Bern, Switzerland, (2). Clinic for Visceral Surgery and Medicine, Gastroenterology, Bern, Switzerland (3). Gastroenterology, Tiefenauspital, Spitalnetzbern, Bern, Switzerland

G2 *The impact of the intestinal microbiota on eosinophils*
Yasmin Köller, Kathy McCoy
Department klinische Forschung, University of Bern

G3 *Acute Herpes simplex viral Esophagitis occurring in immuno-competent Individuals with Eosinophilic Esophagitis*
Dorothee Zimmermann(1), Dominique Criblez(1), Evan Dellon(2), Christian Bussmann(3), David Pfeiffer(4), Matthias Froh(5), Alex Straumann(5)
Division of Gastroenterology, Kantonsspital Lucerne(1). Division of Gastroenterology, University of North Carolina, Chapel Hill, USA(2). Division of Pathology, Violier,
G4  **Short and long term mortality after percutaneous endoscopic gastrostomy (PEG) tube placement**
Laurent Bochatay(1), Emiliano Giostra(1), Nicolas Goossens(1), Jean Louis Frossard(1)
Gastroenterology and Hepatology Service, Geneva University Hospital, Geneva, Switzerland

G5  **Parent-assessed EoE activity in children aged 3-9 years does not correlate with physician global assessment, endoscopic and histologic activity**
Ekaterina Safroneeva(1), Micheal Coslovsky(1), Radek Panczak(1), Claudia Kuehni(1), Marcel Zwahlen(1), Sven Trelle(1), Andreas Limacher(1), Nadine Haas(1), Alex Straumann(2), Alain Schoepfer(3); international pediatric EEsAI study group.
(1)ISPM University of Bern, (2)CHUV, Lausanne, (3)Swiss EoE Center Olten.

G6  **Escalating Incidence of Eosinophilic Esophagitis in Canton of Vaud, Switzerland, 1993 to 2013: a population-based study**
Bénédicte Giriens(1), Ekaterina Safroneeva(2), Marcel Zwahlen(2), Alex Straumann(3), Alain Schoepfer(1)
(1) CHUV, Lausanne, (2)ISPM University of Bern, (3)Swiss EoE Center Olten.

G7  **Eosinophilic Esophagitis: Diagnostic Accuracy of Symptoms in predicting Endoscopic and Histologic Remission**
Ekaterina Safroneeva(1), Michael Coslovsky(1), Claudia Kuehni(1), Marcel Zwahlen(1), Sven Trelle(1), Nadine Haas(1), Alex Straumann(2), Alain Schoepfer(3); International EEsAI study group.
(1)ISPM University of Bern, (2)Swiss EoE Center Olten, (3)CHUV, Lausanne

G8  **Eosinophilic Esophagitis: relationship of quality of life with clinical, endoscopic, and histologic activity**
Ekaterina Safroneeva(1), Michael Coslovsky(1), Claudia Kuehni(1), Marcel Zwahlen(1), Nadine Haas(1), Alex Straumann(2), Alain Schoepfer(3); International EEsAI study group.
(1)ISPM University of Bern, (2)Swiss EoE Center Olten, (3)CHUV, Lausanne
G9 30 days global mortality in patients undergoing endoscopy or liver biopsy in an academic center: A 2 years survey.
Laurent Bochatay (1), Nicolas Goossens(1), Emiliano Giostra(1), Jean-Louis Frossard(1)
(1)Gastroenterology and Hepatology Service, Geneva University Hospital, Geneva, Switzerland

G10 Health questionnaire effectiveness for planning the type of sedation for colonoscopy: a pilot study
Rocco Grignoli(1), Philippe Bichard(1), Bernard Walder(2), Jean-Louis Frossard(1)
(1) Service de Gastroentérologie HUG (2) Service d’anesthésie HUG

G11 Multi-Country, Cross-Sectional Study to Determine Patient-Specific and General Beliefs Toward Medication and Their Treatment Adherence to Selected Systemic Therapies in 6 Chronic Immune-Mediated Inflammatory Diseases (ALIGN)
Pierre Michetti(1), John Weinman(2), Ulrich Mrowietz(3), Josef S. Smolen(4), Dieter Schremmer(5), Namita Tundia(6), Nicole Selenko-Gebauer(7)
(1) La Source-Beaulieu, Lausanne, Switzerland; (2) King’s College, London, UK; (3) University Schleswig-Holstein, Kiel, Germany; (4) Medical University of Vienna, Vienna, Austria; (5) GKM, Munich, Germany; (6) AbbVie Inc., North Chicago, IL, USA; (7) AbbVie Inc., Zürich, Switzerland

G12 The Cytokine IL-19 is Expressed by Macrophages
Anna Steinert, Andrew Macpherson and Jan Niess
Department of Clinical Research, University Clinic for Visceral Surgery and Medicine, University of Bern

G13 13C-labeled bacteria metabolomics reveals the identity of bacterial metabolites in the host and the host metabolic responses.
Yasuhiro Uchimura [1], Tobias Fuhrer [2], Uwe Sauer [2], Kathy D. McCoy [1] and Andrew J. Macpherson [1]
[1] Maurice Müller Laboratories, Department of Clinical Research (DKF), Clinic for Visceral Surgery and Medicine (UVCM), University of Bern, Bern [2] Department of Biology, Institute of Molecular Systems Biology, ETH, Zurich

G14 Repertoire analysis of hygiene-induced IgE in germ-free mice
Sandra C. Rupp; Julien P. Limenitakis; Markus B. Geuking; Andrew J. Macpherson; Kathy D. McCoy
Department for Clinical Research, University of Bern

G15 Maternal microbiota educates the immune system of the offspring through natural antibodies
Gomez de Agüero, Mercedes*; Ganal, Stephanie C.*; Rupp, Sandra; Steinert, Anna, McCoy Kathy. D.* & Macpherson, Andrew. J.*
Division of Gastroenterology, Department of Clinical Research, University of Bern, 3010 Bern, Switzerland;
*These authors contributed equally to this work

G16 Infliximab treatment outcome in steroiddependent/refractory Crohns Disease patients: a single center report
Tanay Kaymak, Federico Moriconi, Christoph Beglinger, Petr Hruz
Department of Gastroenterology and Hepatology
University Hospital Basel

G17 Buried Bumper Syndrome: a case-series of a new technique for the endoscopic management of an old complication.
(1) Gastroenterology and Hepatology Department, Geneva University Hospital, Geneva.
Gastroenterology and Hepatology Department, Geneva University Hospital, Geneva.

G18 Mucosal consequences of systemic antimicrobial CD4+ T cell reactivity
Cheong KC Kwong Chung, Kathy D McCoy, Andrew J Macpherson, and Markus B Geuking
Mucosal Immunology Lab, Department of Clinical Research, Universitätssklinik für Viszerale Chirurgie und Medizin Inselspital, University of Bern, Murtenstrasse 35, CH-3010 Bern, Switzerland.

G19 IL-22-induced antimicrobial peptides are key determinants of vaccine-induced protection against Helicobacter in mice
Mati Moyat(1) Hanifa Bouzourene(2) Wenjun Ouyang(3)
Jean-Christophe Renauld(4) and Dominique Velin(1)
(1)Service of Gastroenterology and Hepatology, CHUV, Lausanne. (2)UNISciences, UNIL, UniLabs, Lausanne.
(3)Department of Immunology, Genentech, South San Francisco, USA. (4)Ludwig Institute for Cancer Research, Brussels Branch, Belgium
G20 **Success and complications of an intraductal fully covered metal stent to treat anastomotic biliary strictures (ABS) after orthotopic liver transplantation (OLT)**

Patrick Aepli (1), Rhys Vaughan (2), Luke Hourigan (3), Arthur Kaffes (1)

(1) Gastroenterology and Hepatology, Royal Prince Alfred Hospital, Sydney, New South Wales, Australia (2) Gastroenterology and Liver Transplantation, Austin Health, Melbourne, Victoria, Australia (3) Gastroenterology, Princess Alexandra Hospital, Brisbane, Queensland, Australia

G21 **Microbiota-mediated fine-tuning of the threshold of intestinal inflammasome activation in host-microbial mutualism.**

Francesca Ronchi (1), Andrew Macpherson (1,2) and Kathy McCoy (1,2)

(1) Maurice Müller Laboratories (DKF), Universitätsklinik für Viszeral Chirurgie und Medizin Inselspital, University of Bern, Murtenstrasse 35, CH-3010 Bern, Switzerland (2) these authors equally contributed to the work

G22 **A rare case of a pigmented neuroendocrine tumour of the stomach in the setting of autoimmune gastritis**

Henrik Csaba Horvath (1), Eva Diamantis-Karamitopoulou (2)

University Clinic of Visceral Surgery and Medicine Inselspital, Bern (1) Division of Clinical Pathology, Institute of Pathology, University of Bern (2)

G23 **Alcohol Consumption and Impact on Gastrointestinal Symptoms among Swiss IBD Patients**

Felix Brunner (1), Nicolas Fournier (2), Roland von Känel (3), Stefan Begré (4), Carole Clair (5), Andrew Macpherson (1), Pascal Juillerat (1)

(1) Gastroenterology, Inselspital, Bern; (2) Social and Preventive Medicine, CHUV, Lausanne; (3) Klinik Barmelweid, Barmelweid; (4) Klinik Hohenegg, Meilen; (5) PMU, CHUV, Lausanne.

G24 **Predictors of success for double balloon assisted endoscopic retrograde cholangiopancreatography (DBE-ERCP) in patients with Roux-en-Y anastomosis**

Patrick Aepli (1), Ken Liu (1), Arthur Kaffes (1)

(1) Gastroenterology and Hepatology, Royal Prince Alfred Hospital, Sydney, New South Wales, Australia
G25 Rare Double -„Fish Eye“- Papilla Vateri in Main-Duct-Intraductal Papillary Mucinous Neoplasia (IPMN): Curative Surgical Resection by Total Duodeno-Pankreatectomy
(1)Reiner Wiest, (1)Andrew Macpherson, (2)Andreas Frenzer, (2)Christian Ruis, (1)Thomas Malinka, (1)Beat Gloor
(1)University Hospital Visceral Surgery and Medicine, Inselspital Bern, Freiburgstrasse, 3010 Bern;
(2)Department Gastroenterology, Spital Thun, Krankenhaus-strasse 12, 3600 Thun

G26 Swiss Snapshot Diverticulitis Trial: Current Practice of in-hospital Management of Acute Colonic Diverticulitis - a Nation’s Experience
Seraina K Faes, Alexandre P Cuerel and Dieter Hahnloser for the Swiss Diverticulitis Study Group.
Department of Visceral Surgery, University Hospital Lausanne

G27 Swiss Snapshot Diverticulitis Trial: Influence of Hospital Category on the Management of Acute Colonic Diverticulitis
Seraina K Faes, Alexandre P Cuerel and Dieter Hahnloser for the Swiss Diverticulitis Study Group.
Department of Visceral Surgery, University Hospital Lausanne

G28 Esophageal work-up prior to bariatric surgery: who and how to investigate
Benjamin Heimgartner, Marcus Herzig, Radu Tutuian
University Clinic for Visceral Surgery and Medicine, University of Bern

G29 An acute jejunal variceal bleeding at choledochojejunal anastomosis treated with surgically-assisted endoscopic rubber band ligation
Bernhard Friedli (1), Annette Wochner (1), Henrik Horvath (1), Stefan Tschopp (2), Franz Eigenmann (2), Daniel Candinas (1), Pascal Juillerat (1).
(1) University Clinic for Visceral Surgery and Medicine, Inselspital Bern. (2) Department of Gastroenterology, Baden Hospital, Baden.

G30 Endoscopic recanalization of a post-radiogenic complete esophageal occlusion by combined anterograde / retrograde esophagoscopy
Thomas Kratt(1,2), Markus Küper(2), Martin Goetz(2,3),
G31  Early colonoscopy in patients with complicated sigmoid diverticulitis with covered perforation and abscesses: Preliminary results of a prospective study
Thomas Kratt(1,2), Markus Küper(2), Dietmar Stüker(2), Marty Zdichavsky (2), Martin Goetz(2,3)
(1)Department of Gastroenterology, Limmattalspital Schlieren, Switzerland (2)Department of Interdisciplinary Endoscopy, University Hospital Tübingen, Germany (3)Department of Gastroenterology, University Hospital Tübingen, Germany

G32  Identification of rejection after small bowel transplant changes: from histopathology to endoscopy. Preliminary results of a prospective study
Thomas Kratt(1,2), Dietmar Stüker(2), Alfred Königsrainer(1), Ruth Ladurner(2), Falko Fend(4), Martin Goetz(2,3)
(1)Department of Gastroenterology, Limmattalspital Schlieren, Switzerland (2)Department of Interdisciplinary Endoscopy, University Hospital Tübingen, Germany (3)Department of Gastroenterology, University Hospital Tübingen, Germany (4)Department of Pathology, University of Tuebingen, Germany

G33  Endoscopic Treatment of Severe Bleeding in the Upper and Lower GI-Tract with the OTSC®-System: Analysis of 103 Cases
Thomas Kratt(1,2), Marcos Oberacher(1), Branislav Risti(1), Markus Küper(2), Dietmar Stüker(2), Maximilian v.Feilitzsch(2), Martin Goetz(2,3), Andreas Kirschniak(2)
(1)Department of Gastroenterology, Limmattalspital Schlieren, Switzerland (2)Department of Interdisciplinary Endoscopy, University Hospital Tübingen, Germany (3)Department of Gastroenterology, University Hospital Tübingen, Germany

G34  Subepithelial lesions of the stomach: monitoring or resection.
Sébastien Godat (1), Maxime Robert (2), Fabrice Caillol (2), Erwan Bories (2), Christian Pesenti (2), Jean Philippe
Hepatology

H1  Association between non alcoholic fatty liver disease severity and body composition in obese patients
Laurent Spahr (1), Laurence Genton (2), Sylvain Terraz (3), Claude Pichard (2), Alain Golay (2), Zoltan Pataky (2).
Gastroenterology/Hepatology(1), Therapeutic Education for Chronic Diseases(2), Radiology(3), HUG

H2  Evolution of portal haemodynamics in patients with decompensated alcoholic liver disease (ALD) and relationship with alcohol relapse
Laurent Spahr (1), Flavie Furrer (1), Cassandra Oropesa (1)
Gastroenterology and Hepatology, HUG Geneve

H3  T and B Cell Responses and Previous Exposure to Hepatitis B Virus in “Anti-HBc alone” Patients
Qixia Wang (1,4), Philip Sachse (1), Mariam Semmo (2), Megha Lokhande (1,7), Matteo Montani (3), Jean-François Dufour (1,7), Fabien Zoulim (5), Paul Klenerman (6), Nasser Semmo (1,7)
1. Hepatology, Department of Clinical Research, Inselspital, University of Bern, CH-3010 Bern, Switzerland

H4  Liver transplantation for hepatocellular carcinoma: the Geneva experience

H5  Real World Effectiveness, Safety and Costs of Direct-Acting Antiviral Agents in Chronic Hepatitis C Treatments
Patrizia Künzler(1), Irina Bergamin(1), David Semela(1)
(1) Clinic for Gastroenterology and Hepatology, Cantonal Hospital of St. Gallen, CH-9007 St. Gallen
Intestinal microbiota significantly alters hepatic gene expression and plasma bile acid profile in mice with acute cholestasis.
Department of Clinical Research, Hepatology (1), Gastroenterology (2), Interfaculty Bioinformatics (3), Genomics (4), Clinical Metabolomics Facility (5), University-hospital of Berne, Switzerland.

Surgery

One year experience in enhanced recovery pathway for colorectal surgery
Cornelia Künzli, Andrea Goldmann, Michel Adamina, Stefan Breitenstein
Department of Visceral Surgery, Kantonsspital Winterthur, Switzerland

Major liver resection in non-cirrhotic liver without inflow occlusion is feasible and safe
Anja Schärli, Stefan Gutknecht, Markus Weber
Department of Visceral, Thoracic and Vascular Surgery, Triemli Hospital Zürich

Incidence of early postoperative complications comparing linear versus circular stapling technique in laparoscopic Roux-en-y gastric bypass
Larissa C. Vines(1), Nabil Kalak(1), Stefan Aczel(2), Marc Schiesser(1)
(1)Klinik für Allgemein-, viszeral- u. Transplantationschirurgie, Kantonsspital St. Gallen
(2)Klinik für Endokrinologie, Diabetologie, Osteologie u. Stoffwechselkrankungen, Kantonsspital St. Gallen

Organizational energy and Leadership in Swiss Surgical Departments
