SEMINAR

Johannes Schlössl
Mönchberg 24
Salzburg

Endoscopic Submucosa Dissection (ESD)

17:30 Helmut Messmann - Opening of the Workshop.

Hook knife technique for ESD in Stomach, Esophagus and Colorectum

18:00 Thierry Ponchon

Dual knife techniques for ESD in Stomach and Colorectum

18:30 Georg Kaehler

Hybrid knife technique for ESD

19:00 Tsuneo Oyama and Naohisa Yahagi

Expert Discussion: Hook knife and Dual knife techniques -
Technical Strategies, Prevention of Complications

19:30 Dinner

Program / Thursday, 08.07.2010

HANDS-ON TRAINING

Institute of Anatomy
Paracelsus Med. Univ.
Strubergasse 21, Salzburg

Hands-on training (08:00 - 12:30 and 14:00 - 18:30), Coffee available in lobby for individual breaks
2 groups of tutors (I, II); 6 teams of 3 participants (A-F); 6 piglets simultaneously each session

Morning Objective: Knife techniques in Stomach

8:00 - 11:30 Knife Techniques	Tutors I: Teams A-C	Tutors II: Teams D-F
Dual knife	PONCHON	YAHAGI
Hook knife	OYAMA	MESSMANN
Hybrid knife	KAEHLER	HARINGSMA

11:30 - 12:30 Intentional complications of ESD
Management of perforations and bleedings

12:30 - 14:00 LUNCH

Afternoon Objective: Knife techniques in Colon

14:00 - 17:00 Knife Techniques	Tutors I: Teams D-F	Tutors II: Teams A-C
Dual knife (Stomach)	PONCHON	YAHAGI
Hook knife (Esophagus)	OYAMA	MESSMANN
Hybrid knife (Esophagus)	KAEHLER	HARINGSMA

17:00 - 18:30 ESD in esophagus

Program / Friday, 09.07.2010

HANDS-ON TRAINING

Institute of Anatomy,
Paracelsus Med. Univ.,
Strubergasse 21, Salzburg

Morning Objective: Knife techniques in the Colon

8:00 - 11:00 Knife Techniques	Tutors I: Teams A-C	Tutors II: Teams D-F
Dual knife	PONCHON	YAHAGI
Hook knife	OYAMA	MESSMANN / PROBST
Hybrid knife	KAEHLER	HARINGSMA

11:00 - 12:30 ESD in esophagus

12:30 - 14:00 LUNCH

Afternoon Objective: ESD performance in Colon, Esophagus

14:00 - 17:00 Complete ESDs	Tutors I: Teams D-F	Tutors II: Teams G-J
Dual knife (Colon)	PONCHON	YAHAGI
Hook knife (Esophagus)	OYAMA	MESSMANN / PROBST
Hybrid knife (Colon)	KAEHLER	HARINGSMA

17:00 - 17:30 Certificates of Participation

17:30 - 18:30 Hands-on exchange on Standards, Tips and Tricks

18:30 END

Focus of the Workshop

The course is conceived to advance the technical skills in colonic ESD of interventional endoscopists with basic experience in performance of ESD procedures. Each participant will perform the equivalent of 5 ESD procedures and manage intentional complications.

The aim is to provide technical experience for clinical ESD in the colorectum.

- Topics**
- ESD using standard instruments (Dual knife, Hook knife, Hybrid knife)
 - Standard Procedures for ESD (Stomach, Colon, Esophagus)
 - Prevention and handling of complications (bleeding, perforation)

Short live demonstrations of the topics (beamer projection in the operating room) will be given by the tutors during the hands-on sessions.

We recommend the Saturday morning Seminar on clinical ESD indications (10.07.2010).

Participants

18 expert endoscopists from major referral centers in Europe.

Participants take turns after 20 min practicing as endoscopist, knife assistant or support technician. Nine expert endoscopy technicians will support the participants while these perform technical assistance during the ESD procedures.
